

arthritisCARE

Map, Parking and Directions

24 Railway Terrace (Corner Pound Street)
Dutton Park QLD 4102

Driving Directions

Route 1

Exit the South East Freeway onto Juliette Street.
Follow the signs to PA Hospital until you reach Ipswich Road.
Then cross Ipswich Road and take Young Street up to Annerley Road.
Continue along Annerley Road until Pound Street and turn right there
(as it is a bit tricky to safely turn right directly into Railway Terrace
from Annerley Road).

Route 2

If you would prefer not to turn right off busy Annerley Rd, you can
take this route. Follow Route 1 above, and once you reach Annerley
Rd, turn left onto Noble St. Then right into Princess Street and right
again onto Fairfield Road.
Move into the lane which allows you to continue straight ahead
crossing Annerley Road into Railway Terrace.

Route 3 (Not marked above)

If you are heading in from the north, you can also exit the South East
Freeway at the Stanley Street exit, turning left at the Mater Hospital
onto Annerley Road. Continue on to Pound Street and turn left there.

Parking

We do offer parking for our patients onsite at the arthritisCARE building. You find it behind the building and you enter the car park area from Pound Street.

If you are using a walking aid, a wheelchair or experiencing pain or mobility issues, this is the best area for you to use for parking. There are no steps at all from the car park through to the arthritisCARE entry door.

If you are a little more mobile, two hour street parking is available. Even if not signposted, the maximum parking time allowed in this part of Brisbane is two hours.

Public Transport

arthritisCARE is located right next to the Dutton Park Railway Station. The station currently has no lift, but does offer a series of ramps as an alternative to steps.
